CALIFORNIA PROPOSITION 65 Compliance Statement

California Proposition 65 (also known as the Safe Drinking Water and Toxic Enforcement Act of 1986) refers to the California legislation that was intended by its authors to protect California citizens and the State's drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals.

Based upon The Durham Manufacturing Company's knowledge of our business operations and chemicals used, none of the chemicals listed by the State of California Environmental Protection Agency are used in our products in a form regulated under California Proposition 65.

A handwritten signature in black ink, appearing to read "Francis E. Korn", written over a horizontal line.

Francis E. Korn
Senior VP Manufacturing
